

Name: Ameer Umar Khan

ID: 2280137

Section: 7B

Lab: 07

Task 1:

Creating resource group

The screenshot shows the Microsoft Azure portal interface for creating a new resource group. The URL in the address bar is `portal.azure.com/?l=en-en-gb#view/HubsExtension/ResourceGroupCreate.ReactView/_provisioningContext-/?B'telemetryId%3A"711683de-7df3-44a3-b40a-d500771820e2%2C'referenceType%3A%7B'extensionName%3A"HubsExtension%2C"r...`. The page title is "Microsoft Azure". The top navigation bar includes "Search resources, services, and docs (G+)" and "Copilot". On the right, there's a user profile for "ameerumar320@gmail.com" and options to "Sign out", "Switch directory", and "Sign in with a different account". The main content area is titled "Create a resource group". It has three tabs: "Basics" (selected), "Tags", and "Review + create". Under "Basics", there's an "Automation Link" button. The "Basics" section contains fields for "Subscription" (Azure subscription 1), "Resource group name" (myRGRAAC), and "Region" (East US). The "Tags" section shows "None". At the bottom, there are "Previous" and "Next" buttons, and a prominent blue "Create" button.

Choosing a role

The screenshot shows the Microsoft Azure portal interface for managing role assignments. The top navigation bar includes 'Microsoft Azure', 'Search resources, services, and docs (G+)', 'Copilot', and user information 'ameerumar320@gmail... DEFAULT DIRECTORY AMERUMR...'. The main content area is titled 'Add role assignment' with tabs for 'Role', 'Members', 'Conditions', and 'Review + assign'. The 'Members' tab is selected. A note states: 'A role definition is a collection of permissions. You can use the built-in roles or you can create your own custom roles. Learn more' and 'Copilot can help pick a role'. Below this, a section for 'Job function roles' lists 'Privileged administrator roles' with a note: 'Grant access to Azure resources based on job function, such as the ability to create virtual machines.' A search bar contains 'virtual machine contributor' and filters for 'Type: All' and 'Category: All'. A table lists roles: Classic Virtual Machine Contributor, Desktop Virtualization Power On Contributor, Desktop Virtualization Power On Off Contributor, Desktop Virtualization Virtual Machine Contributor, Service Fabric Cluster Contributor, and Virtual Machine Contributor. The 'Virtual Machine Contributor' row is highlighted. At the bottom, it says 'Showing 1 - 6 of 6 results.'

Adding member

The screenshot continues from the previous one, showing the 'Add role assignment' process. The 'Members' tab is selected. Under 'Selected role', 'Virtual Machine Contributor' is chosen. In the 'Assign access to' section, 'User, group, or service principal' is selected. The 'Members' section has a '+ Select members' button. A modal window titled 'Select members' is open, containing a search bar and a list of users and groups: 'Ameer Umar(Guest)', 'az104-user1', 'Helpdesk', 'Help Desk support group for RBAC assignments', and 'IT Lab Administrators'. Below the list, 'Selected members:' shows 'Ameer Umar(Guest)'. At the bottom of the main page, there are 'Review + assign', 'Previous', and 'Next' buttons. The URL 'https://portal.azure.com/#create/microsoft.authorization.roleAssignment' is visible at the bottom left.

Review + assign

The screenshot shows the 'Add role assignment' page in the Microsoft Azure portal. The 'Review + assign' tab is selected. The 'Role' is set to 'Virtual Machine Contributor'. The 'Scope' is '/subscriptions/9c95a83d-2817-48dc-9b2e-0c496fb0cfb/resourcegroups/myRGRBAC'. Under 'Members', there is one entry: 'Ameer Umar(Guest)' with Object ID 'bb1459b1-28c8-4986-9b0f-465001891265' and Type 'User'. A note says 'No description'. At the bottom, there are 'Review + assign', 'Previous', and 'Next' buttons, along with a 'Feedback' link.

Task 2:

Viewing activity log with filter

The screenshot shows the 'myRGRBAC | Activity log' page in the Microsoft Azure portal. The left sidebar shows navigation options like Overview, Activity log, Tags, Resource visualizer, Events, Settings, Deployments, Security, Deployment stacks, Policies, Properties, Locks, Cost Management, Monitoring, Automation, and Help. The main area displays the activity log with a single item: 'Create role assignment' (Operation name), Status 'Succeeded', Time '4 minutes ago', Time stamp 'Tue Jan 13 ...', Subscription 'Azure subscription 1', and Event initiated by 'ameerumar320@gmail.com'. The top navigation bar includes 'Search resources, services, and docs (G+)', 'Copilot', and user information 'ameerumar320@gmail... DEFAULT DIRECTORY (AMEERUMAR...)'. Filter options at the top include 'Activity', 'Edit columns', 'Refresh', 'Export Activity Logs', 'Download as CSV', 'Insights', 'Feedback', 'Pin current filters', and 'Reset filters'. A search bar and 'Quick Insights' button are also present.
